(4) such public telecommunications facilities will be used only for the provision of public telecommunications services;

(5) the applicant has participated in comprehensive planning for such public telecommunications facilities in the area which the applicant proposes to serve, and such planning has included an evaluation of alternate technologies and coordination with State educational television and radio agencies, as appropriate; and

(h) Recordkeeping requirements

Each recipient of assistance under this subpart shall keep such records as may be reasonably necessary to enable the Secretary to carry out the functions of the Secretary under this subpart, including a complete and itemized inventory of all public telecommunications facilities under the control of such recipient, and records which fully disclose the amount and the disposition by such recipient of the proceeds of such assistance, the total cost of the project in connection with which such assistance is given or used, the amount and nature of that portion of the cost of the project supplied by other sources, and such other records as will facilitate an effective audit.

(k) Financing; open meetings and financial records

(1)(A) There is hereby established in the Treasury a fund which shall be known as the Public Broadcasting Fund (hereinafter in this subsection referred to as the "Fund"), to be administered by the Secretary of the Treasury.

(B) There is authorized to be appropriated to the Fund for each of the fiscal years 1978, 1979, and 1980, an amount equal to 40 percent of the total amount of non-Federal financial support received by public broadcasting entities during the fiscal year second preceding each such fiscal year, except that the amount so appropriated shall not exceed $121,000,000 for fiscal year 1978, $140,000,000 for fiscal year 1979, and $160,000,000 for fiscal year 1980

(C) There is authorized to be appropriated to the Fund, for each of the fiscal years 1981, 1982, and 1983, an amount equal to 50 percent of the total amount of non-Federal financial support received by public broadcasting entities during the fiscal year second preceding each such fiscal year, except that the amount so appropriated shall not exceed $180,000,000 for fiscal year 1981, $200,000,000 for fiscal year 1982, and $220,000,000 for fiscal year 1983.

(D) Funds appropriated under this subsection shall remain available until expended.

(2)(A) The funds authorized to be appropriated by this subsection shall be used by the Corporation, in a prudent and financially responsible manner, solely for its grants, contracts, and administrative costs, except that the Corporation may not use any funds appropriated under this subpart for purposes of conducting any reception, or providing any other entertainment, for any officer or employee of the Federal Government or any State or local government. The Corporation shall determine the amount of non-Federal financial support received by public broadcasting entities during each of the fiscal years referred to in paragraph (1) for the purpose of determining the amount of each authorization, and shall certify such amount to the Secretary of the Treasury, except that the Corporation may include in its certification non-Federal financial support received by a public broadcasting entity during its most recent fiscal year ending before September 30 of the year for which certification is made. Upon receipt of such certification, the Secretary of the Treasury shall make available to the Corporation, from such funds as may be appropriated to the Fund, the amount authorized for each of the fiscal years pursuant to the provisions of this subsection.

(B) Funds appropriated and made available under this subsection shall be disbursed by the Secretary of the Treasury on a quarterly basis, in such amounts as the Corporation certifies will be necessary to meet its financial obligations in the succeeding quarter.

(3)(A) The Corporation shall reserve for distribution among the licensees and permittees of public television and radio stations an amount equal to—

(i) not less than 40 percent of the funds disbursed by the Corporation from the Fund under this section in each fiscal year in which the amount disbursed is $88,000,000 or more, but less than $121,000,000;

(ii) not less than 45 percent of such funds in each fiscal year in which the amount disbursed is $121,000,000 or more, but less than $160,000,000; and

(iii) not less than 50 percent of such funds in each fiscal year in which the amount disbursed is $160,000,000 or more.

(B)(i) The Corporation shall establish an annual budget according to which it shall make grants and contracts for production of public television or radio programs by independent producers and production entities and public telecommunications entities, for acquisition of such programs by public telecommunications entities, for interconnection facilities and operations, for distribution of funds among public telecommunications entities, and for engineering and program-related research. A significant portion of funds available under the budget established by the Corporation under this subparagraph shall be used for funding the production of television and radio programs. Of such portion, a substantial amount shall be reserved for distribution to independence producers and production entities for the production of programs.

(ii) All funds contained in the annual budget established by the Corporation under clause (i) shall be distributed to entities outside the Corporation and shall not be used for the general administrative costs of the Corporation, the salaries or related expenses of Corporation personnel and members of the Board, or for expenses of consultants and advisers to the Corporation.

(iii) During each of the fiscal years 1981, 1982, and 1983, the annual budget established by the Corporation under clause (i) shall consist of not less than 95 percent of the funds made available by the Secretary of the Treasury to the Corporation pursuant to paragraph (2)(A).

(iv) In determining the amount of funds which shall be made available for radio programming and operations under this subparagraph, the Corporation shall take into account the increased financial needs relating to radio programming and operations resulting from the expansion and development of noncommercial radio broadcast station facilities through the use of funds made available pursuant to section 393(d) of this title.

(C) In fiscal year 1981, the Corporation may expend an amount equal to not more than 5 percent of the funds made available by the Secretary of the Treasury during such fiscal year pursuant to paragraph (2)(A) for those activities authorized under subsection (g)(2) of this section which are not among those grant activities described in subparagraph (B).

(D) In fiscal years 1982 and 1983, the amount which the Corporation may expend for activities authorized under subsection (g)(2) of this section which are not among those grant activities described in subparagraph (B) shall be 105

percent of the amount derived for the preceding fiscal year.

(4) Funds may not be distributed pursuant to this subsection to the Public Broadcasting Service or National Public Radio (or any successor organization), or to the licensee or permittee of any public broadcast station, unless the governing body of any such organization, any committee of such governing body, or any advisory body of any such organization, holds open meetings preceded by reasonable notice to the public. All persons shall be permitted to attend any meeting of the board, or of any such committee or body, and no person shall be required, as a condition to attendance at any such meeting, to register such person's name or to provide any other information. Nothing contained in this paragraph shall be construed to prevent any such board, committee, or body from holding closed sessions to consider matters relating to individual employees, proprietary information, litigation and other matters requiring the confidential advice of counsel, commercial or financial information obtained from a person on a privileged or confidential basis, or the purchase of property or services whenever the premature exposure of such purchase would compromise the business interests of any such organization. If any such meeting is closed pursuant to the provisions of this paragraph, the organization involved shall thereafter (within a reasonable period of time) make available to the public a written statement containing an explanation of the reasons for closing the meeting.

(5) Funds may not be distributed pursuant to this subsection to any public telecommunications entity that does not maintain for public examination copies of the annual financial and audit reports, or other information regarding finances, submitted to the Corporation pursuant to subsection (*l*)(3)(B) of this section.

(6)(A) The Corporation, in consultation with public television and radio licensees, shall review annually the percentage of funds reserved pursuant to paragraph (3)(A), and the criteria and conditions regarding the division and distribution of such funds among public television and radio stations.

(B) The funds reserved for public broadcast stations pursuant to paragraph (3)(A) shall be divided into two portions, one to be distributed among radio stations and one to be distributed among television stations. The Corporation shall make a basic grant from the portion reserved for television stations to each licensee and permittee of a publi television station that is on the air. The balance of the portion reserved for television stations and the total portion reserved for radio stations shall be distributed to licensees and permittees of such stations in accordance with eligibility criteria that promote the public interest in public broadcasting, and on the basis of a formula designed to—

(i) provide for the financial needs and requirements of stations in relation to the communities and audiences such stations undertake to serve;

(ii) maintain existing, and stimulate new, sources of non-Federal financial support for stations by providing incentives for increases in such support; and

(iii) assure that each eligible licensee and permittee of a public radio station receives a basic grant.

(7) No distribution of funds pursuant to this subsection shall exceed, in any fiscal year, 50 percent of a licensee's or permittee's total non-Federal financial support during the fiscal year second preceding the fiscal year in which such distribution is made.

(8) The funds distributed pursuant to paragraph (3)(A) may be used at the discretion of the recipient for purposes relating to the provision of public television and radio programming, including, but not limited to—

(A) producing, acquiring, broadcasting, or otherwise disseminating public television or radio programs;

(B) procuring national or regional program distribution services that make public television or radio programs available for broadcast or other dissemination at times chosen by stations;

(C) acquiring, replacing, or maintaining facilities, and real property used with facilities, for the production, broadcast, or other dissemination of public television and radio programs; and

(D) developing and using nonbroadcast communications technologies for public television or radio programming purposes.

(9)(A) Funds may not be distributed pursuant to this subpart to any public broadcast station unless such station establishes a community advisory board. Any such station shall undertake good faith efforts to assure that the composition of its advisory board reasonably reflects the diverse needs and interests of the communities served by such station.

(B) The board shall be permitted to review the programming goals established by the station, the service provided by the station, and the significant policy decisions rendered by the station. The board may also be delegated any other responsibilities, as determined by the governing body of the station. The board shall advise the governing body of the station with respect to whether the programming and other policies of such station are meeting the specialized educational and cultural needs of the communities served by the station, and may make such recommendations as it considers appropriate to meet such needs.

(C) The role of the board shall be solely advisory in nature, except to the extent other responsibilities are delegated to the board by the governing body of the station. In no case shall the board have any authority to exercise any control over the daily management or operation of the station.

(D) In the case of any public broadcast station in existence on November 2, 1978, such station shall comply with the requirements of this paragraph with respect to the establishment of a community advisory board not later than 180 days after November 2, 1978,

(E) The provision of subparagraph (A) prohibiting the distribution of funds to any public broadcast station unless such station establishes a community advisory board shall be the exclusive remedy for the enforcement of the provisions of this paragraph.

(10) Funds may not be distributed pursuant to this subsection to the Public Broadcasting Service or National Public Radio (or any successor organization) unless assurances are provided to the Corporation that no officer or employee of the Public Broadcasting Service or National Public Radio (or any successor organization), as the case may be, will be compensated at an annual rate of pay which exceeds the rate of basic pay in effect from time to time for level I of the Executive Schedule under section 5312 of title 5.

Such principles shall be designed to account fully for all funds received and expended for public telecommunications purposes by such entities.

(B) Each public telecommunications entity receiving funds under this subpart shall be required—

(i) to keep its books, records, and accounts in such form as may be required by the Corporation;

(ii) to undergo an annual audit by independent certified public accountants or independent licensed public accountants certified or licensed by a regulatory authority of a State, which audit shall be in accordance with auditing standards developed by the Corporation, in consultation with the Comptroller General; and

(iii) to furnish annually to the Corporation a copy of the audit report required pursuant to clause (ii), as well as such other information regarding finances (including an annual financial report) as the Corporation may require.

(C) Any recipient of assistance by grant or contract under this section, other than a fixed price contract awarded pursuant to competitive bidding procedures, shall keep such records as may be reasonably necessary to disclose fully the amount and the disposition by such recipient of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(D) The Corporation or any of its duly authorized representatives shall have access to any books, documents, papers, and records of any recipient of assistance for the purpose of auditing and examining all funds received or expended for public telecommunications purposes by the recipient. The Comptroller General of the United States or any of his duly authorized representatives also shall have access to such books, documents, papers, and records for the purpose of auditing and examining all funds received or expended for public telecommunications purposes during any fiscal year for which Federal funds are available to the Corporation.

(a) Prohibition

Nothing contained in this part shall be deemed (1) to amend any other provision of, or requirement under, this chapter; or (2) except to the extent authorized in subsection (b) of this section, to authorize any department, agency, officer, or employee of the United States to exercise any direction, supervision, or control over public telecommunications, or over the Corporation or any of its grantees or contractors, or over the charter or bylaws of the Corporation, or over the curriculum, program of instruction, or personnel of any educational institution, school system, or public telecommunications entity.

(b) Equal opportunity employment

(1) Equal opportunity in employment shall be afforded to all persons by the Public Broadcasting Service and National Public Radio (or any successor organization) and by all public telecommunications entities receiving funds pursuant to subpart C (hereinafter in this subsection referred to as "recipients"), and no person shall be subjected to discrimination in employment by any recipient on the grounds of race, color, religion, national origin, or sex.

(2)(A) The Secretary is authorized and directed to enforce this subsection and to prescribe such rules and regulations as may be necessary to carry out the functions of the Secretary under this subsection.

(B) The Secretary shall provide for close coordination with the Commission in the administration of the responsibilities of the Secretary under this subsection which are of interest to or affect the functions of the Commission so that, to the maximum extent possible consistent with the enforcement responsibilities of each, the reporting requirements of public telecommunications entities shall be uniformly based upon consistent definitions and categories of information.

SUBCHAPTER V—PENAL PROVISIONS: FORFEITURES

§ 503. Forfeitures

[*See main edition for text of* (a)]

(b) Activities constituting violations authorizing imposition of forfeiture penalty; amount of penalty; procedures applicable; persons subject to penalty; liability exemption period

[1] Any person who is determined by the Commission, in accordance with paragraph (3) or (4) of this subsection, to have—

(A) willfully or repeatedly failed to comply substantially with the terms and conditions of any license, permit, certificate, or other instrument or authorization issued by the Commission;

[1] So in original. Probably should be designated as par. (1).

(B) willfully or repeatedly failed to comply with any of the provisions of this chapter or of any rule, regulation, or order issued by the Commission under this chapter or under any treaty, convention, or other agreement to which the United States is a party and which is binding upon the United States;

(C) violated any provision of section 317(c) or 509(a) of this title; or

(D) violated any provision of section 1304, 1343, or 1464 of title 18;

shall be liable to the United States for a forfeiture penalty. A forfeiture penalty under this subsection shall be in addition to any other penalty provided for by this chapter; except that this subsection shall not apply to any conduct which is subject to forfeiture under subchapter II of this chapter, part II or III of subchapter III of this chapter, or section 507 of this title.

(2) The amount of any forfeiture penalty determined under this subsection shall not exceed $2,000 for each violation. Each day of a continuing violation shall constitute a separate offense, but the total forfeiture penalty which may be imposed under this subsection, for acts or omissions described in paragraph (1) of this subsection and set forth in the notice or the notice of apparent liability issued under this subsection, shall not exceed—

(A) $20,000, if the violator is (i) a common carrier subject to the provisions of this chapter, (ii) a broadcast station licensee or permittee, or (iii) a cable television operator; or

(B) $5,000, in any case not covered by subparagraph (A).

The amount of such forfeiture penalty shall be assessed by the Commission, or its designee, by written notice. In determining the amount of such a forfeiture penalty, the Commission or its designee shall take into account the nature, circumstances, extent, and gravity of the prohibited acts committed and, with respect to the violator, the degree of culpability, any history or prior offenses, ability to pay, and such other matters as justice may require.

(3)(A) At the discretion of the Commission, a forfeiture penalty may be determined against a person under this subsection after notice and an opportunity for a hearing before the Commission or an administrative law judge thereof in accordance with section 554 of title 5. Any person against whom a forfeiture penalty is determined under this paragraph may obtain review thereof pursuant to section 402(a) of this title.

(B) If any person fails to pay an assessment of a forfeiture penalty determined under subparagraph (A) of this paragraph, after it has become a final and unappealable order or after the appropriate court has entered final judgment in favor of the Commission, the Commission shall refer the matter to the Attorney General of the United States, who shall recover the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the forfeiture penalty shall not be subject to review.

(4) Except as provided in paragraph (3) of this subsection, no forfeiture penalty shall be imposed under this subsection against any person unless and until—

(A) the Commission issues a notice of apparent liability, in writing, with respect to such person;

(B) such notice has been received by such person, or until the Commission has sent such notice to the last known address of such person, by registered or certified mail; and

(C) such person is granted an opportunity to show, in writing, within such reasonable period of time as the Commission prescribes by rule or regulation, why no such forfeiture penalty should be imposed.

Such a notice shall (i) identify each specific provision, term, and condition of any Act, rule, regulation, order, treaty, convention, or other agreement, license, permit, certificate, instrument, or authorization which such person apparently violated or with which such person apparently failed to comply; (ii) set forth the nature of the act or omission charged against such person and the facts upon which such charge is based; and (iii) state the date on which such conduct occurred. Any forfeiture penalty determined under this paragraph shall be recoverable pursuant to section 504(a) of this title.

(5) No forfeiture liability shall be determined under this subsection against any person, if such person does not hold a license, permit, certificate, or other authorization issued by the Commission, unless, prior to the notice required by paragraph (3) of this subsection or the notice of apparent liability required by paragraph (4) of this subsection, such person (A) is sent a citation of the violation charged; (B) is given a reasonable opportunity for a personal interview with an official of the Commission, at the field office of the Commission which is nearest to such person's place of residence; and (C) subsequently engages in conduct of the type described in such citation. The provisions of this paragraph shall not apply, however, if the person involved is engaging in activities for which a license, permit, certificate, or other authorization is required. Whenever the requirements of this paragraph are satisfied with respect to a particular person, such person shall not be entitled to receive any additional citation of the violation charged, with respect to any conduct of the type described in the citation sent under this paragraph.

(6) No forfeiture penalty shall be determined or imposed against any person under this subsection if—

(A) such person holds a broadcast station license issued under subchapter III of this chapter and if the violation charged occurred—

(i) more than 1 year prior to the date of issuance of the required notice or notice of apparent liability; or

(ii) prior to the date of commencement of the current term of such license,

whichever is earlier so long as such violation occurred within 3 years prior to the date of issuance of such required notice; or

(B) such person does not hold a broadcast station license issued under subchapter III of

this chapter and if the violation charged occurred more than 1 year prior to the date of issuance of the required notice or notice of apparent liability.

Such forfeitures shall be in addition to any other general or specific penalties provided in this chapter. It shall be the duty of the various United States attorneys, under the direction of the Attorney General of the United States, to prosecute for the recovery of forfeitures under this chapter. (a) Development and operation of global system to serve needs of United States and foreign countries

The Congress hereby declares that it is the policy of the United States to provide for the participation of the United States in the International Maritime Satellite Organization (hereinafter in this subchapter referred to as "INMARSAT") in order to develop and operate a global maritime satellite telecommunications system. Such system shall have facilities and services which will serve maritime commercial and safety needs of the United States and foreign countries.

(b) Corporate participation; private entity status; non-Government agency

It is the purpose of this subchapter to provide that the participation of the United States in INMARSAT shall be through the Communications Satellite Corporation, which constitutes a private entity operating for profit, and which is not an agency or establishment of the Federal Government.

§ 752. Corporation's status as designated operating entity

(a) Statement of purpose; interim operating arrangement authorization for participation in other systems; signature authorization

(1) The Communications Satellite Corporation is hereby designated as the sole operating entity of the United States for participation in INMARSAT, for the purpose of providing international maritime satellite telecommunications services.

(b) Interim operating arrangements for participation in other systems; terms and conditions; participation provisions also applicable to interim arrangements

(1) The corporation may participate in any maritime satellite telecommunications system under subsection (a)(2) of this section only if—

(A) the corporation signs the operating agreement of INMARSAT before beginning such participation;

(B) such participation is in the nature of an interim operating arrangement remaining in effect only until INMARSAT begins its operations; and

(C)(i) in the case of participation which may be undertaken only pursuant to a treaty or executive agreement, such treaty or executive agreement is in effect; or

(ii) in any case in which participation does not require any treaty or executive agreement, the President does not disapprove such participation during the period of 60 calendar days after the corporation notifies the President of such proposed participation.

(2) If the corporation participates in an interim operating arrangement with a maritime satellite telecommunications system under this subsection, the provisions of this subchapter relating to participation of the corporation in INMARSAT also shall apply to such interim participation.

(3) Any disapproval by the President under paragraph (1)(C)(ii) shall be published in the Federal Register as soon as practicable after the date of such disapproval.

The Commission shall determine the operational arrangements under which the corporation shall interconnect its satellite earth terminal station facilities and services with United States domestic common carriers and international common carriers, other than any common carrier, system, or other entity in which the corporation has any ownership interest, and private communications systems when authorized pursuant to subsection (c)(3) of this section for the purpose of extending maritime satellite telecommunications services within the United States and in other areas.
